

## **I REMEMBER YOU**

By Mike Arms

I remember you, my dear friend,  
Thought our time together would never end.  
I picked up your toys and put them away,  
Just like I would do on any other day.  
I try to stay busy, put my thoughts on hold,  
But I should recall our time together - or so I am told.  
I remember your soft eyes looking at me,  
And feel your presence constantly.  
Until the time when we are back together,  
This flame will burn here -- and in my heart -- forever.
